Kevin G. Blackwell is a gifted spiritual teacher who, at the age of sixteen, experienced an unanticipated awakening that gave him the ability to communicate with discarnate beings such as Jesus, the Buddha, Krishna, Mary Magdalene and historical figures such as Lincoln, Gandhi and Einstein. Subsequently, his decade’s long spiritual journey brought about a major awakening experience in the fall of 2007, which in turn has led to a profound and ever-expanding experience of enlightenment.

March 5th: Introduction. Story of Kevin’s 28 year journey to awakening and sheds light on 2012 and the global transition that is occurring. He will use channeled insights, his understanding of astrological trends and his knowledge of prophecy and the arc of human history to clarify the coming changes.

April 9th: The Reemergence of the Sacred Feminine: An Evening of Conversation with Mary Magdalene.

May 7th: Messages from Above. An Evening of Conversation with the Masters.

June 4th: Secrets of Manifestation.

July 9th: Know Thyself: An Overview of Paths to Self-Knowledge.
