## Join WindEagle & RainbowHawk

WindEagle and RainbowHawk, twin Keepers of the Origin Teachings of the Delicate Lodge, carry an ancient body of wisdom, ways of balance and wholeness which come from a long oral tradition rooted in the Mayan and pre-Mayan cultures of the Americas. As Métis teachers, they have journeyed together since 1987 and continue to travel the world sharing the message of First Peace—living peace in the self.

### Medicine Wheel for Peace: An In Depth Teaching

Saturday, September 11 @ 10am-5pm.

Suggested arrival time 9:30am

Sacred Contribution : \$40-\$60 sliding scale

In ancient earth wisdom, the Medicine Wheel holds the energy of the universe and the interrelatedness of all things. It is an ancient symbol of the wholeness of life and peaceful interaction among all living beings on earth. We chose this day, September 11, with deliberate healing intentions for ourselves and the planet.

This event will be an in depth experience of the significance of the Medicine Wheel whereby participants will gain a greater understanding on how to use it as a sacred prayer space. Our in depth journey will expand our prayer consciousness, and deepen our connection to Mother Earth and the Medicine Wheel, which has its roots in many indigenous cultures.

In addition, there will be a teaching of the Council Process for decision-making for the individual as well as community decision-making. This Council Process has its structural roots and procedures founded in the Medicine Wheel Teachings.
