

Living Beyond Disease

COMING SOON

The Founder of the First Metabolic Holistic Clinic
in the Nation to Speak

“Only Receive”

The founder of the first metabolic holistic clinic in the nation discusses her books on Spiritual Healing—*“Of Monkeys and Dragons: Freedom From The Tyranny Of Disease,”* *“The God That We’ve Created: The Basic Cause Of All Disease”* and *When the Wolf is at the Door, the Simplicity of Healing”*.

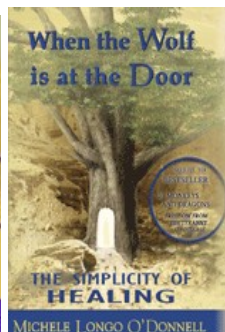

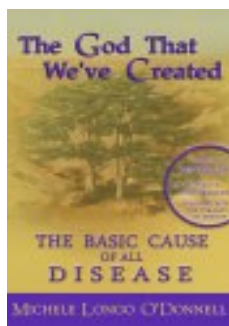

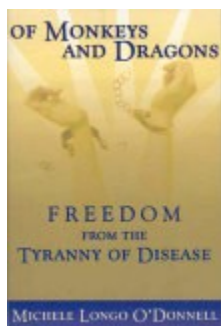

During the past 30 years, Michele O'Donnell has helped thousands of patients with illnesses that range from MS, Parkinsons, Lupus to Cancer by introducing a new approach to healing. People are learning to consider healing and wellness as normal states of being. Michele O'Donnell, registered nurse,

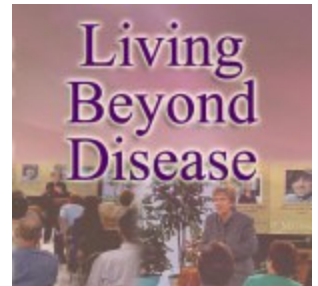

minister, author and radio host is touring the nation to discuss her books which explore the cause of physical suffering, why some people heal and others do not, and how we can live free of disease.

Michele has written these books to encourage others to rise above the acceptance of disease.

We would like to invite you to join us as Michele shares her passion and vision of a world in which people are living beyond disease.

The truths that Michele shares during this special time will bring a renewed confidence, hope and expectation of goodness into your life. You will begin to understand why you can and should trust Life.

Her topic will be “Only Receive”, a discussion of her work described in her books, *“Of Monkeys and Dragons: Freedom From The Tyranny Of Disease,”* *“The God That We’ve Created: The Basic Cause Of All Disease”* and her latest work, *“When the Wolf is at the Door, the Simplicity of Healing”*.
